

Coffin & Casket Brochure

Coffins and Caskets

Our handcrafted range of coffins, made to order with meticulous attention to detail, ensures a unique and personalised farewell for your loved ones.

Choosing an appropriate coffin or casket which means something to you will help with the bereavement process and it is an important but necessary part of your funeral arrangement.

We have many different options available each offering a unique set of features, but before choosing it is perhaps worth taking a look back at the life of your loved one as this may point to the type of coffin or casket that would best represent their unique life. Were they for instance interested in the environment? Or perhaps they had a love of their garden or were a lifelong supporter of a football club, or maybe they were a very traditional person that liked things just so.

HEARTWOOD

Traditional Coffins and Caskets

Our range of traditional coffins covers many styles and materials, from standard styles of coffins and caskets in solid or veneered wood to more elaborate styles with intricate panelled sides and raised lids.

Reflections®

Pictograph Coffins

A picture paints a thousand words. Reflections is a range of pictograph coffins that can showcase picture quality images on the coffin. These images can be of absolutely anything, for example a collage of images of your loved one's life, a theme dedicated to the football club supported or a favourite place or hobby your loved one liked. A picture coffin really shows the uniqueness of your loved one's life.

Country Range™

A selection of alternative coffins made from materials such as English Willow and Cardboard. These offer an environmental feel to any funeral and can appear to be a 'softer' option than a traditional wood coffin due to the materials used.

GUARDIAN™

A range of genuine American-style caskets, provided exclusively to us in partnership with SICH Caskets. Made in a variety of solid woods, in a range of decorative styles and finishes, including traditional English Caskets.

Everyone in life is unique, and a picture coffin can reflect the individual qualities of the person who has passed away. In addition to our standard range of coffins and caskets, we are pleased to showcase the Reflections® range of picture coffins.

Every pictograph coffin can be unique and designed to truly reflect the personality of the deceased person. Personal images can be used in the design which could include images of the life and times of your loved one or perhaps images of their favourite place or hobby. With a Reflections® pictograph coffin anything is possible.

Floral Tributes

Floral tributes have a long association with funeral arrangements and as such it is not surprising that picture coffins that utilise flowers in their design have become a popular choice. These floral designs offer a softer, more colourful alternative to a traditional wood coffin and can hold special significance. Poppies are well known for their link to remembrance, while daffodils can signify re-birth and renewal.

Sporting Life

Sport can become a passionate corner-stone of our lives, manifesting itself in a life long dedication to a particular team. Many of the requests that utilise our personalised service reflect a special memory. Sporting and team coffins remain some of our most popular designs. Through flags and motifs we can reference national teams and, in the event of wanting to include a specific club, we can secure the permission to do so wherever possible.

Style Statements

A picture coffin can also represent the identity and style of your loved one. For those who are patriotic we offer designs which feature flags, crests and patterns, such as various tartans. A military career could be represented by the colours of their regiment accompanied by their badge. Or perhaps a strong fashion sense could be continued with one of our patterned and textured designs.
